WHAT NEXT?

Come along to Robin Hood Watersports next Thursday at 7:30pm and join in at the meeting (in the room upstairs above the pool).

There are always new people coming so you'll be very welcome. Ask somebody in the dive shop to introduce you if you're uncertain!

The meeting lasts about 35 minutes. You can say hello, find a buddy for the weekend or sign up for a trip or social event... And then we adjourn to the pub for a chat and a drink. Try us out for a week or two. If you like it, you can join!

You are now "officially invited" and you will be VERY welcome at the club. – See you on Thursday!

What are the benefits of joining the club?

Firstly, it's FUN. Our club is about going diving and having a great laugh with friends.

Members can easily book onto the organised diving trips, holidays, and social events.

All club members hold diver's third party liability insurance.

Club members get great discounts on gear hire and are entitled to 10% discount (in addition to any special offers) on everything at The Robin Hood Watersports Shop. This could mean a BIG saving on the price of your gear.

As club members we get discounted air fills at Roho, much cheaper than the average price charged at dive sites.

WHEN CAN I DIVE?

We generally dive every other weekend through the season and there are regular opportunities to dive through the winter too! There are organised dive trips for all levels of experience and interest throughout the main diving season (April to October) and we also go on diving holidays.

Of course not everything is diving. We have a lot of social events as well. These involve a combination of Barbeques, Bowling, Charity Do's, Curry nights, Family Fun Days... and lots more. The Christmas Party and summer camping expedition are sell-out events where non-diving families and friends are very welcome.

What about training?

We are a Social Diving Club only, but as a member you can learn from a wealth of diving experience in the club. For all other training we recommend the Robin Hood Dive School where we get great deals and discounts.

Robin Hood Dive Club costs just **£40 a year**. Additionally you will require diver's liability insurance (except BSAC members or Pro Liability holders who already have the insurance).
